

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 31, 1995

SUBJECT: **SB 1302 - HB 1245**

This bill, if enacted, will provide that proceeds of confiscations and forfeitures under drug laws produced as a result of activities of local law enforcement agencies will be paid into the treasury of the local government. The proceeds will be applied first to any costs associated with judgments against the local law enforcement agency. The bill provides for a monthly accounting of all funds received under this provision to the chief executive officer of the local government involved.

The fiscal impact from enactment of this bill is estimated to be an increase in local government expenditures for a monthly accounting report to be kept by the sheriff and furnished to the chief executive officer of the local government. A reasonable estimate of the increase cannot be determined but is estimated not to be significant.

Enactment of this bill is also estimated to result in local government expenditures being redirected, since the provisions of the bill provide for proceeds of confiscations and forfeitures under drug laws to be applied first to any costs associated with judgments against the local law enforcement agency.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
